Loans and advances are carried at book value as the amount of ultimate realization cannot be determined at this date.

No provision is made for commitments under construction contracts in force at March 31, 1970. Such future construction is chargeable to appropriations in the years in which the work is actually performed.

In my opinion the statement of financial condition is properly drawn up so as to show the true position of the Province of British Columbia at March 31, 1970, and is in accordance with the books of the Province.

REPORT OF THE AUDITORS

The Lieutenant-Governor in Council, Province of British Columbia:

We have examined the balance-sheet of British Columbia Hydro and Power Authority as at March 31, 1970, and the statements of income and source and application of funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of British Columbia Hydro and Power Authority as at March 31, 1970, and the results of its operations and the source and application of its funds for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

BRITISH COLUMBIA HYDRO AND POWER AUTHORITY—Continued**NOTES TO FINANCIAL STATEMENTS AS AT MARCH 31, 1970**

NOTE 1—PEACE RIVER PROJECT.—Economic considerations have dictated construction of a dam, powerhouse, and other common property for the Peace River project to provide capacity for up to 10 generating units. The dam and powerhouse have been completed, but the generating units are being installed over a period of several years to keep pace with the increase in demand for power.

Accordingly, British Columbia Hydro has adopted an accounting practice of transferring the construction costs of the dam, powerhouse, and other common property to plant in service by instalments proportionate to the number of completed and operational generating units in relation to the 10 units presently contemplated. The transfers are to be completed not later than March 31, 1976. By March 31, 1970, five generating units were in service, and consequently 50 per cent of the costs of the dam, powerhouse, and other common property had been transferred to plant in service.

The costs of the dam, powerhouse, and other common property not yet transferred to plant in service are shown separately as deferred costs under property account. These costs will continue to attract interest charged to construction.

Classification on balance sheet:

Long-term debt	\$1,443,772,629
Sinking fund instalments due within one year, included in current and accrued liabilities	15,528,187
	<u>\$1,459,300,816</u>

NOTE 3—GUARANTEE BY PROVINCE OF BRITISH COLUMBIA.—The Government of the Province of British Columbia has unconditionally guaranteed the principal and interest of the long-term debt and parity development bonds.

NOTE 4—INTEREST.—Included in interest on debt for the year ended March 31, 1970, is \$1,738,620 for amortization of discount and expense on long-term debt and parity development bonds, and there has been deducted \$4,403,241 for income from sinking fund investments.

The interest rate on Series P, R, and AN Parity Development Bonds was increased from 5½ per cent to 6½ per cent, effective August 3, 1968.

NOTE 5—EARNINGS EMPLOYED IN THE BUSINESS.—The stabilization of rates and contingency reserve has been reclassified under this heading to recognize that the accumulated earnings have been invested in the business over the years:—

Balance as at March 31, 1969	\$85,621,583
Loss for the year ended March 31, 1970	408,118
Balance as at March 31, 1970	<u>\$85,213,465</u>

NOTE 6—PENSION PLANS.—Employees of British Columbia Hydro are covered under contributory pension plans, and provisions are being made for current services according to the requirements of the various plans. Provision has been made for all past service costs under these plans with the exception of those relating to a contributory plan introduced January 1, 1965. British Columbia Hydro is funding the estimated past service costs of this plan by annual payments of \$393,800 over a 15-year period which commenced April 1, 1967.

NOTE 7—SELF-INSURANCE.—British Columbia Hydro has adopted a policy of self-insurance in respect of plant and equipment and general liability with the exception of the following:—

(a) Fire insurance coverage of approximately \$210,000,000 as at March 31, 1970, on certain plant and equipment, maintained with insurance companies as required under terms of the trust deed under which those assets are mortgaged.

(b) Insurance coverage maintained on major plant under construction.

In pursuance of this policy, an insurance reserve is being accumulated by annual charges to operations commensurate with the current cost of insurance. The reserve, amounting to \$389,245 as at March 31, 1970, is included in accounts payable on the balance-sheet.

NOTE 8—COMMITMENTS.—British Columbia Hydro, being the Canadian entity required to construct three storage dams under the Columbia River Treaty, is liable to compensate the Columbia Storage Power Exchange if Mica, the only dam still under construction, is not operational by the agreed date of April 1, 1973. British Columbia Hydro also has obligations relating to the operation and maintenance of the three storage dams.

Purchase commitments and contracts of British Columbia Hydro for capital projects and inventories of materials and supplies aggregated approximately \$224,000,000 as at March 31, 1970, which includes contracts awarded in respect of the general commitment of British Columbia Hydro to construct Mica dam, as referred to in the preceding paragraph.

AUDITOR'S REPORT

(Report by Buttar & Chiene, Chartered Accountants, Vancouver, British Columbia, upon the Accounts of the Pacific Great Eastern Railway Company, as at December 31, 1969.)

We have examined the balance-sheet of the Pacific Great Eastern Railway Company as at December 31, 1969, and the statement of consolidated income for the year ended on that date, and have received all the information and explanations required by us.

The statements are prepared in conformity with the Uniform Classification of Accounts prescribed by the Board of Transport Commissioners for Canada.

Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, and according to the best of our information, the explanations given to us and as shown by the books of the Company, the accompanying balance-sheet and statement of consolidated income present fairly the financial position of the Company as at December 31, 1969, and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the previous year.
